RSM US LLP

Independent Auditor's Report

To the Board of Trustees Teachers' Retirement System of Oklahoma Oklahoma City, Oklahoma

Report on the Schedules

We have audited the accompanying Schedule of Employer Allocations of the Teachers' Retirement System of Oklahoma (the Plan), a component unit of the state of Oklahoma, as of and for the year ended June 30, 2015, and the related notes to the schedule. We have also audited the columns titled net pension liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and pension expense (specified column totals) included in the accompanying schedule of collective pension amounts, of the Plan as of and for the year ended June 30, 2015, and the related notes to the schedule.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedule of collective pension amounts based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and pension expense for the Plan as of and for the year ended June 30, 2015, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Teachers' Retirement System of Oklahoma as of and for the year ended June 30, 2015, and our report thereon, dated December 22, 2015, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the Plan's management, the Board of Trustees, and Plan employers as of and for the year ended June 30, 2015, and their auditors and is not intended to be, and should not be, used by anyone other than these specified parties.

See notes to the schedules.

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 1. Nature of Entity

The following brief description of the Teachers' Retirement System of Oklahoma (the System) is provided for general information purposes only. The plan's benefits are established and amended by State Statue and participants should refer to Title 70 of the Oklahoma Statutes, 1991, Sections 17-101 through 121, as amended.

The System was established as of July 1, 1943 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The System is a part of the state of Oklahoma financial reporting entity, which is combined with other similar funds to comprise the fiduciary-pension trust funds of the state of Oklahoma (the State). The System administers a cost-sharing multiple-employer pension plan which is a defined benefit pension plan, as well as a tax-deferred defined contribution plan.

The supervisory authority for the management and operation of the System is a 13-member board of trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The board of trustees is comprised of six appointees from the Governor's Office, two appointees by the Senate Pro Tempore, two appointees by the House Speaker and three Ex Officio potions. Out of the six appointees from the Governor's Office, one must be a Higher Education representative, one is a nonclassified optional personnel, and the remaining four must work in the public or private funds management, banking, law or accounting field. Out of the two Senate Pro Tempore's as well as the House Speaker's appointees, one must be an active classroom teacher while the other be a retired member of Oklahoma Teachers Retirement. The Ex Officio trustees are the State Superintendent, the Office of Management and Enterprise Services Director and the Career-Tech Director or their designee.

Defined benefit pension plan: Oklahoma teachers and other certified employees of common schools, faculty and administrators in public colleges and universities, and administrative personnel of state educational boards and employees of agencies who are employed at least half-time must join the System's defined benefit pension plan (the Plan). Membership is optional for all other regular employees of public educational institutions who work at least 20 hours per week. Additional information regarding Plan provisions can be found in the System's comprehensive annual financial report, which can be accessed as described in Note 7.

Note 2. Summary of Significant Accounting Policies

The Schedule of Employer Allocations and the Schedule of Collective Pension Amounts (the Schedules) for the Plan were prepared in accordance with the following significant accounting policies.

Nature of the schedules: The purpose of these Schedules is to provide employers information, with regard to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, for their financial statements. The Schedules provide each employer with the basis used to determine their proportionate share of the net pension liability, deferred outflows and inflows of resources, and pension expense as of and for the year ended June 30, 2015. Deferred outflows and inflows of resources, and pension expense include: each employer's proportionate share of plan level amounts such as differences between expected and actual experience, the net difference between projected and actual investment earnings on pension plan investments and changes in assumptions.

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 2. Summary of Significant Accounting Policies (Continued)

The Schedule of Collective Pension Amounts represents collective amounts for the Plan. This schedule excludes employer-specific deferral amounts that may need to be recognized to comply with GASB Statement No. 68. Specifically, this schedule excludes deferral amounts arising from the changes in employer proportion and employer contributions subsequent to the measurement date as defined in paragraphs 54 through 57 of GASB Statement No. 68.

Measurement focus and basis of accounting: Financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

Use of estimates: The preparation of the Schedules in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and changes therein, and disclosures. Actual results could differ from those estimates and differences could be material.

Basis of the allocation: In determining the proportionate share of the net pension liability and corresponding employer pension amounts for a cost-sharing plan, the basis should be consistent with the manner in which contributions are made to the Plan, excluding those to separately finance specific liabilities of an individual employer.

The Plan has determined that each employer's proportionate share will be determined based on the employer's contribution to the Plan as a percentage of the total contribution to the Plan by all employers. However, an additional adjustment will be made to the allocation to account for the comprehensive universities' short-term obligation to pay a 2.5 percent funding surcharge associated with the Alternate Retirement Plan (ARP).

Specifically, the allocation has been determined as follows:

- The present value of the remaining initial funding surcharge contributions expected to be made by the
 comprehensive universities is determined. The number of remaining payments is based on the most
 recent assessment of the initial funding surcharge as outlined in the "Agreement of Understanding
 Entered into Among OSU, OU and OTRS".
- The present value of the remaining initial funding surcharge contributions is subtracted from the collective net pension liability.
- The remaining net pension liability is then allocated to all employers, including the comprehensive universities, in proportion to the employer's contributions paid on participating employees (i.e., payroll contributions).
- Finally, the present value of the remaining initial funding surcharge contributions is added back to the net pension liability allocated to each of the comprehensive universities in the prior step.

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 2. Summary of Significant Accounting Policies (Continued)

In addition to its proportionate share of the collective net pension liability and collective pension expense, each comprehensive university that participates in the ARP has been allocated the following liability and expense (income) as of and for the year ended June 30, 2015:

ER Code	Employer Name	ARP Pension Liability		ARP Pension ense (Income)
14H760 55H770 60H010	UNIVERSITY OF OKLAHOMA OU HEALTH SCIENCES CENTER OKLAHOMA STATE UNIVERSITY	\$	10,550,585 8,661,115 9,656,099	\$ (564,016) (1,231,830) (56,265)
		\$	28,867,799	\$ (1,852,111)

Contributions are reported using the accrual basis of accounting. The fiscal year 2015 employer contribution total used as the denominator for the allocation calculation in the schedule of employer allocations can be reconciled to the Plan's CAFR for the fiscal year ended June 30, 2015, as follows:

Contributions from employers and matching funds per CAFR	\$ 416,496,670
Employer contributions from the Plan	(221,349)
Refunds and other adjustments	906,675
Contributions per schedule of employer allocations	\$ 417,181,996

Note 3. Net Pension Liability

The net pension liability (NPL) is the portion of the actuarial present value of projected benefit payments related to past periods. The NPL for the employers is based on the allocation percentages from the Schedule of Employer Allocations.

The net pension liability for fiscal year 2015 is calculated as set forth below in the following table:

Net pension liability—beginning July 1, 2014	\$ 5,417,137,823
Total pension expense	356,924,698
Change in deferred outflows of resources	855,329,326
Change in deferred inflows of resources	207,913,207
Defined benefit plan employer contributions	(417,181,996)
State contributions	(311,945,400)
ARP contributions	(6,551,560)
Net pension liability—ending June 30, 2015	6,101,626,098
Less ARP pension liability allocation	(28,867,799)
Net pension liability—per Schedule of Collective Pension Amounts	\$ 6,072,758,299

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 3. Net Pension Liability (Continued)

The components of the net pension liability at June 30, 2015 were as follows:

Total pension liability	\$ 20,551,132,567
Plan fiduciary net position	(14,449,506,469)
Net pension liability	6,101,626,098
Less ARP pension liability allocation	(28,867,799)
Net pension liability per Schedule of Collective Pension Amounts	\$ 6,072,758,299

Plan fiduciary net position as a percentage of the total pension liability

70.31%

The total pension liability as of June 30, 2015, was determined based on an actuarial valuation prepared as of June 30, 2015 using the following actuarial assumptions:

- Actuarial Cost Method—Entry Age Normal
- Inflation—3.00 percent
- Future Ad Hoc Cost-of-living Increases—None
- Salary Increases—Composed of 3.75 percent wage inflation, including 3.00 percent price inflation, plus a service-related component ranging from 0.00 percent to 8.00 percent based on years of service
- Investment Rate of Return—8.00 percent
- Retirement Age— Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the five year experience study for the period ending June 30, 2014
- Mortality Rates after Retirement— Males: RP-2000 Combined Healthy mortality table for males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from the table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality Rates for Active Members—RP-2000 Employee Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 4. Average Expected Remaining Service Life

The average expected remaining service life of the Plan is determined by taking the calculated total future service years of the plan divided by the number of people in the plan including retirees. The total future service years of the plan are determined using the mortality, termination, retirement and disability assumptions associated with the plan.

	Years
June 30, 2015	6.22

Note 5. Types of Deferred Outflows and Inflows Of Resources

Deferred outflows of resources are the consumption of net position that is applicable to future reporting periods. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods.

Difference between expected and actual experience: The actuary uses assumptions such as future salary increases and inflation to develop what they expect to be the experience of the Plan. Each year the difference between the expected experience and the actual experience is amortized over the average expected remaining service life of the Plan.

Net difference between projected and actual investment earnings: The actuary uses the Plan's long term rate of return to project investment earnings net of investment expenses. The difference between the expected and the actual investment earnings is deferred and amortized over five years.

Changes in assumptions: The impact of changes in assumptions used by the actuary is amortized over the average expected remaining service life of the Plan.

Amortization: The amortization of deferred outflows and inflows at June 30, 2015 is as follows:

Deferred Outflows			Deferred Inflows		
\$	196,842,135	\$	(367,893,621)		
	196,842,135		(367,893,621)		
	196,842,135		(367,893,621)		
	196,842,131		(42,388,779)

Notes to the Schedules of Employer Allocations and Collective Pension Amounts

Note 6. Pension Expense

Pension Expense includes amounts for service cost (the Normal Cost under Entry Age Normal for the year), interest on the total pension liability, changes in the benefit structure, recognition of increases/decreases in liability due to actual versus expected experience, actuarial assumption changes, and investment gains/losses on the market value of assets. The actual experience and assumption change impacts are recognized over the average expected remaining service life of the Plan membership as of the measurement date.

The collective pension expense for fiscal year 2015 is calculated as set forth below in the following table:

	2015
Service cost Interest on total pension liability	\$ 415,702,261 1,538,893,982
Member contributions, less ARP contributions	(297,125,744)
Projected earnings on plan investments	(1,134,538,579)
Administrative expense	4,358,938
Other	685,326
Recognition of beginning deferred outflows (inflows) due to liabilities	13,316,789
Recognition of beginning deferred outflows (inflows) due to assets	(184,368,275)
	356,924,698
Reconciling items:	
ARP expense	1,852,111
Allocated pension expense per schedule of pension amounts by employer	\$ 358,776,809
